Description

Preconditions:

- tester has stable internet connection
- tester performs this test on Google Chrome browser on PC or laptop
- test data is available
- tester navigates to homepage

Steps to reproduce:

- search city and dates
- choose an accommodation by clicking on the "Vizualizez button"
- choose room preference
- click on "Rezerv" button
- fill in the booking form and submit it
- check email for booking confirmation

Expected results:

- booking process should be functional, a confirmation email should be sent to customer

Actual results:

- confirmation email is not sent to the customer
